

Invader

```
classDiagram
    class Invader
    class InvadersManager
    InvadersManager --|> Invader
```

The diagram illustrates a generalization relationship between two classes. At the top is a white rectangular box labeled 'Invader'. Below it is a gray rectangular box labeled 'InvadersManager'. A red arrow points from the top center of the 'InvadersManager' box to the bottom center of the 'Invader' box, indicating that 'InvadersManager' is a subclass or generalization of 'Invader'.
